Dear Parent/Carer

Climate Change Awareness - Show the Love

We are writing to inform you that the School Council are trying to make a change. On Friday 14th February, each pupil will be wearing a green heart that they have made in class. We spun a wheel on the Climate Coalition website and it told us to 'plant a tree', but we felt we could do more than that and with your help, we would like to raise enough money to buy a tree for each class to plant at school.

We would therefore be grateful for any donations on Friday 14th February. The website to find out more information is www.theclimatecoalition.org

Thanks for all your support with this.
