Dear Parents and Carers

January 2022

**'Maths Busters' for Year 6**

We have a fantastic learning opportunity for Year 6 for the spring term. Each child in Year 6 is invited to attend a small tuition group which will run for ten weeks after school each Wednesday commencing 19th January 2022, with the final session on Wednesday 30th March. The focus of these hour-long sessions will be mathematics. All of the teaching staff are voluntarily giving up their time, free of charge, to run these sessions with the aim of maximising your child's mathematical potential and to give them a flying start to the summer term, SATs and preparation for high school.

The children will be assigned to a qualified teacher who will work closely with them in a very small group in order to reinforce and extend learning, troubleshoot and address misconceptions and boost levels of confidence for children of all abilities. The sessions will be fun and engaging and will be supportive and relaxed in their delivery. The aspects of mathematics covered will be identified by the Year 6 teaching team in discussion with the children.

The sessions will start at 3.30pm, allowing a 15 minute comfort break at the end of the school day for children and staff. A drink and snack will be provided each week. Each session will finish at 4.15pm. Please collect your child from the upper school playground via the car park entrance. We sincerely hope that you, as parents and carers, see the benefits of this unique opportunity and look forward to witnessing the potential benefits that this initiative will have on your child's confidence and ability in mathematics. Please complete the reply slip attached and return to school by Monday 17th January.

Thank you for your continued support.

Yours faithfully

A handwritten signature in black ink, appearing to be "Julie Sandford".
